KIDS Station

Indoor space where children can fully play even on cold days and in bad weather!
Enjoy bouldering walls and air playground equipment.

Open: 9:30 - 30 minutes before closing
Intended: From preschool children to primary school children (Depending on playground equipment)

ECHIGO HILLSIDE PARK

Echigo Snow World

Guide map

150 meters long!

Sled slope

It is sled-only, so small children can play safely.

Free of charge Sled lift

10:00 – 16:00 Weekends and holidays

- * The lift can be used only for sleds.
- * The operation will be stopped in stormy weather, heavy wind, or poor visibility.
- * The lift will be operated on weekdays only when it is used by a group (20 people or more). (Please apply by 5 days before the date of use.)

Slope for beginners

This gentle slope is the best slope for small children and beginners to do their first practice of skiing and snowboarding.

Active slope

You can bring in a sled with a handle like a snow run bike.

- * You can't bring in a sled that cannot be braked by foot, heavy sled, etc.
- * You can't use skis and snowboards.

Course for snowshoes

Wear snowshoes and walk on fluffy snow! In principle, the "long course" for walking through the nature trail is open on weekends and holidays!

- Short course (about 2 km)
- Long course (about 4 km)
- Escape route

* The long course is available after the safety check is completed. (Enter by 15:00)

Course for cross-country skiing

Actively experience "cross-country skiing" (skiing by walking).

- Short course (about 1 km)
- Long course (about 2 km)

* Grooves may not have been made with a course cutter depending on the situation.

Snow playing area

This is an area for enjoying freely playing in the snow.
